

STATEMENT OF PURPOSE

RS19185

The Modular Building Advisory Board members prefer to be compensated in the form of a fifty dollar (\$50) per day honorarium in lieu of the twenty-five dollar (\$25) per day salary they currently receive to perform Board functions. Amendment to Section 39-4302, Idaho Code, would merely adopt a different paragraph of Section 59-509, Idaho Code. This change in compensation will adjust the Board members eligibility and obligations with regard to PERSI participation. It will also bring the amount of the Board members per day compensation into line with that of the other boards operating under the Division of Building Safety.

FISCAL NOTE

Negligible adverse impact.
